Sentinel Safeguards: Protecting Our Customers from Cybersecurity Threats

Safeguarding your information and accounts is of the highest priority to us. As part of our ongoing efforts to serve you, and in line with this focus, we are pleased to introduce Sentinel Safeguards. Visit our resource center to learn more about cybersecurity, what actions Sentinel is taking, and best practices for safeguarding your information online. The site also provides resources for you and your employees, including shareable content, checklists, webinars, emails, graphics, and more. Through education, awareness, and diligence we can work together to help safeguard your information and accounts.
